## EDUCATION

### James Madison University

Bachelor of Science in Computer Science,

Minor in Computational Analytics

Cumulative GPA: 3.460 / 4.00

Related Coursework: Application Development, Software Development, Computer Systems

Harrisonburg, VA

Expected Graduation: Dec. 2025

## SKILLS

Java, Python, JavaScript, HTML, CSS, C, UI/UX Design, AGILE

## PROJECTS

### Passions Event Bartending Website

October 2024 - Present

- Actively creating a user-friendly and visually appealing website for Passions Event Bartending using HTML, CSS, and Javascript.
- Designing and implementing an integrated contact form and review system to enhance client engagement and feedback.

### JMU Saferides Web Application

September 2024 - Present

- Actively creating an intuitive front-end interface that enables Saferides members to log ride requests and track where JMU Saferides cars are located.
- I aim to design and implement an accessible platform that caters to all users.

### Application Development, James Madison University

Spring 2024

- Created a user-friendly and visually appealing website for an imaginary restaurant using Javascript, HTML, and CSS, demonstrating my skills in front-end web development.
- Designed and implemented an online ordering system, and integrated location-based services using the *Google Maps* API to enhance user experience.

### Software Engineering, James Madison University

Fall 2023

- Enhance my technical skills in JavaScript, HTML, and CSS by developing a movie review system that uses *The Movie Database* API for fetching and displaying movie data.
- Applied the Agile Scrum Framework to manage project milestones and deliverables effectively.
- Created an interactive movie review system, allowing users to submit reviews, demonstrating my ability to develop interactive and dynamic web components.

## JOB EXPERIENCE

### JMU Computer Science Ambassador | Harrisonburg, VA

August 2024 - Present

- Enhanced interpersonal skills by meetings and tours with prospective students, showcasing the facilities and programs of the JMU CS Department.
- Represent the JMU CS Department at university events.
- Manage the JMU CS Social Media, creating engaging posts to promote events and foster a vibrant student community.

### Tidepool Toys & Games | Sales Clerk | Bethany Beach, DE

April 2019 - Present

- Developed strong communication skills through ringing up purchases and interacting with customers.
- Refined time management abilities by balancing multiple tasks, including handling transactions, managing inventory, and assisting customers.
